The MWM is currently featuring an excellent exhibition: "Wayfaring: Maps of the White Mountains". Adam Apt and David Govatski have assembled a fascinating collection of maps from the 1800s through the 20<sup>th</sup> century. Randolph's Louis F Cutter's maps are prominently displayed, along with his bicycle-wheel. Plymouth is a little more than an hour's drive away through Franconia Notch. After the business part of the meeting, we will have a special presentation on clean energy, expanding on the RMC's climate action projects in 2021 to generate our own solar electricity at Stearns Lodge and Gray Knob. Our guest speaker, Sam Evans-Brown, is the executive director of Clean Energy New Hampshire, following his career as an award-winning journalist at New Hampshire Public Radio. Sam's illustrated presentation is "What You Can Do to Assist New England's Transition to Clean Energy".

### **From the Health Officers:**

Welcome back to Randolph! This summer finds us in a very different position than last. While the virus that causes COVID-19 is still present, safe practices and a high vaccination rate in NH allow more flexibility for being together this summer.

#### **There are still a few guidelines to maintain this good news:**

- Due to the increased dangers of the Delta variant, CDC has recently updated its guidance regarding masks in that they have added a recommendation for fully vaccinated people to wear a mask in public indoor settings in areas of substantial or high transmission. While at this time Coös County is low, the surrounding counties are medium. Surrounding states have a mix of medium, moderate and high rates. We are in an area that enjoys a high number of tourists from all over, especially from the northeast area. (See <https://covid.cdc.gov/covid-data-tracker/#county-view> )
- Unvaccinated individuals should wear masks when in public to protect those who may have compromised immune systems and other unvaccinated people. If you are immunocompromised or routinely in contact with vulnerable people, consider wearing a mask when in crowds and unable to maintain physical distances.
- Continue to practice good hand hygiene using soap & water if available, hand sanitizer if not.

**Thank you and see you around Randolph!**

<p>Kai Parlett of Randolph will continue to edit the weekly in 2021! Notices for the Weekly should be sent to <a href="mailto:jo.kai.parl@gmail.com">jo.kai.parl@gmail.com</a>, or phone (603) 723-6991. If you send an email, please put Randolph Weekly in the subject line. Deadline for submission is Wednesday by noon.</p>
