November 2025

Dear [donor name],

As another year draws to a close, I reflect on the impact The Randolph Foundation has made, and express gratitude to friends like you who have supported our mission. Thanks to your generosity and trust, we continue to make a positive difference in Randolph and the surrounding community.

We tackled a lot in '25. Here's just a short recap of what we accomplished together:

- We raised money for **first responders** from the **Town Yard Sale**
- We supported the **Friends of the Library** with the **Film+Forum**
- We are supporting local journalism by providing **free printed copies of the *Berlin Sun*** to residents
- We planted **new trees and laid new sand** at the Ravine House pool beach
- We convened a **listening session** to hear the community's thoughts on the town's **parks and recreation areas**
- We're working to ensure you receive your ***Mt. View*** in the mail prior to **publication date** and making the ***Summer Weekly*** more reader-friendly

Watch for more details on The Foundation activities in the *Mt. View*. We are always available to hear your ideas and suggestions.

Even if (like myself) you've left town for the winter, we hope you continue to have Randolph in mind. In that spirit, I ask for your ongoing support. Your year-end gift will be an investment in the resilience and growth of our community and will ensure that The Randolph Foundation can continue to lead in that endeavor.

Please consider a donation by **December 31, 2025**. No contribution is too small.

Wishing you and yours a joyful holiday season and a rewarding New Year!
