RMC Alumni Present: "Tales from the Trails" Ep. 1 Chris Goetze: The RMC Alumni Group's online series, *Tale from the Trails*, is one of the first ventures from the club's new caretaker and trail crew alumni group. The intent of the series is to share our collective knowledge of RMC's trails and camps, and in so doing, to build closer connections among RMC alumni, members, and friends. We envision this informal series will cross generations and topics, with the goal of expanding our understanding of what makes Randolph and the RMC trails and paths such a special place for all of us.

Our first edition will focus on RMC alum Chris Goetze, his early achievements in trail running, and the evolution of the industry since. The chat will be led by former RMC caretaker and longtime Trails Chair, Doug Mayer, and caretaker and trailcrew alum and lifelong Randolph enthusiast, Tad Pfeffer. Information on how to join is below.

We hope to see you there!

From the Health Officers:

Welcome back to Randolph! This summer finds us in a very different position than last. While the virus that causes COVID-19 is still present, safe practices and a high vaccination rate in NH allow more flexibility for being together this summer.

There are still a few guidelines to maintain this good news:

- The state mask mandate in NH has been lifted, however, businesses may require masks be worn while patrons are inside their business. Please respect their right to do so.
- There are no group size limits at this time. Please consider having larger gatherings outside, or if it must be inside, assure room for physical distancing, adequate ventilation, and air circulation.
- Masks are not required while hiking or other outdoor activities.
- Unvaccinated individuals should wear masks when in public to protect those who might have compromised immune systems. If you are immunocompromised or routinely in contact with vulnerable people, consider wearing a mask when in crowds or unable to maintain physical distances.
- A group of fully vaccinated people are able to forgo wearing masks with minimal risks.
- Continue to practice good hand hygiene using soap and water if available, hand sanitizer if not.

Thank you and see you around Randolph!
